The District #146 Wellness Committee is sponsoring this event. Our goals are to encourage increased physical activity and promote good nutrition and overall good health among students, staff and community. We'd like to make everyone aware of the district's commitment to wellness by sponsoring the semi-annual district-wide "Fun Walk." It's an opportunity for all students, families and staff to come together and celebrate this commitment to wellness. Healthy snacks and water will be provided. Raffles will add to the fun. Participants will receive one raffle ticket for every lap walked on the designated course. Limit one raffle prize per family.

Any questions please contact your Fun Walk Coordinator or PE teacher.
